

**REMARKS**

The Applicant thanks the Examiner for conducting a telephonic interview with the Applicant's representative Attorney Charles Holoubek on July 19, 2011. The Applicant respectfully notes that in the interview, the Examiner used impermissible hindsight to combine divergent aspects of multiple references in an attempt to create the various elements and limitations of the presently claimed invention.

Regardless, in an attempt to further differentiate the presently claimed invention from the applied art, the Applicant has further amended the claims above to reflect some of the many distinctions of the presently claimed invention. Such features are believed to clearly and patentably distinguish the presently claimed invention from all of the art of record, including the applied art. As such, the Applicant respectfully requests all current rejections be withdrawn and the pending claims set for allowance.

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

Respectfully submitted,

Charles G. Holoubek, Reg. No. 64,848
